Exercise Science

Vol. 28, No. 4, November 2019

- Gero-Exercise Science: A Remedy for Rapid Aging
- Eicosapentaenoic Acid and Docosahexaenoic Acid in Endurance Performance and Cardiovascular Function
- The Effect of McConnell Tape on Patients with Patellofemoral Pain
- The Association Between Estimated Cardiorespiratory Fitness and Mental Health in Older Adults
- Examining the Relation between Heart Rate Variability, Flow, and Shooting in Wheelchair Athletes
- Effects of Lower Extremity Eccentric-Based Training on Muscle Strength and Physical Function in Older Adults: A Randomized Controlled Pilot Trial
- Associations between Psychological Stress and Exercise in Korean Adults: Finding from the Korean Genome and Epidemiology Study
- The Effect of either Aerobic Exercise Training or Chrysin Supplementation on Mitochondrial Biogenesis in Skeletal Muscle of High Fat Diet-Induced Obese Mice
- Effects of Vastus Lateralis Muscle Fascicle Length on Isokinetic Muscle Strength and Dynamic Balance in Youth Soccer Players
- Effects of Treadmill Running on Oxidative Stress and Heat Shock Protein in Early Stage of 3xTg-AD Mice
- Resistance Training Does Not Mitigate Cardiovascular Reactivity to Sympathoexcitation in Young Adults
- A Comparative Analysis of Physical Fitness in Korean Police Officers: Focus on Results between 2014 to 2019
- Effects of Lithium Chloride and/or Endurance Exercise Treatment on the Metabolic Syndrome of High Fat Induced Obese Rats During 4 Weeks
- The Effects of Treadmill Exercise on Iron Accumulation and Microglia Activation in the Brain of APP-C105 Transgenic Mice of Alzheimer's Disease

Editorial Board

▣ Editor-in-Chief

Kim, Chang-Sun Dongduk Women's University, Seoul, Korea

▣ Associate Editors

Park, Hyuntae Dong-A University, Busan, Korea
Lee, Sukho Texas A&M University-San Antonio, San Antonio, USA

▣ Manuscript Editor

Baek, Seungsoo Sangmyung University, Seoul, Korea

▣ Editors

Neuromuscular Physiology

Kwak, Hyo Bum Inha University, Incheon, Korea
Song, Wook Seoul National University, Seoul, Korea
Koichi Nakazato Nippon Sport Science University, Tokyo, Japan
Park, Joon Young Temple University, Philadelphia, USA
Siu, Ming Fai Parco University of Hong Kong, Hong Kong
Kwon, Oh Sung University of Connecticut, Storrs, USA

Cardiovascular Physiology

Shin, Yun-A Dankook University, Chungnam, Korea
Lee, Sewon Incheon National University, Incheon, Korea
Kim, Ji-Seok Gyeongsang National University, Gyeongnam, Korea
Hwang, Moon-Hyon Incheon National University, Incheon, Korea
José González-Alonso Brunel University, London, UK
Park, Song-Young University of Nebraska Medical Center, Omaha, USA

Nutrition/Immunology

Kwak, Yi Sub Dong-Eui University, Busan, Korea
Choi, Eun-Ju Daegu Catholic University, Daegu, Korea

Athletic Training/Exercise Rehabilitation

Kim, Kwang Jun Korea Institute of Sport Science, Seoul, Korea
Chang, Eun Wook Inha University, Incheon, Korea
Min, Seok Ki Korea Institute of Sport Science, Seoul, Korea
Kim, Kyung-Min University of Miami, Florida, USA

Physical Activity Epidemiology/Exercise Gerontology

Jeon, Justin Y Yonsei University, Seoul, Korea
J Timothy Lightfoot Texas A&M University, Texas, USA
Dennis Taaffe Edith Cowan University, Perth, Australia

Managing Editor

Cho, Jinkyung Sungkyunkwan University, Suwon, Korea
